ROTARY FOUNDATION

The Rotary Foundation of RI is a not-for-profit corporation whose mission is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

FINANCIAL SUPPORT

In 2005-06, The Rotary Foundation received contributions totaling US\$111.9 million and spent \$108 million in support of humanitarian and educational programs implemented by clubs and districts. Contributions from Rotarians go into one of three main funds:

- **ANNUAL PROGRAMS FUND**, which provides grants and awards through Foundation programs
- **PERMANENT FUND**, an endowment from which only a portion of the earnings are spent in support of Foundation programs, ensuring the long-term viability of the Foundation
- **POLIOPLUS FUND**, which supports Rotary's dream of a polio-free world

Every dollar contributed by Rotarians funds the humanitarian, educational, and cultural programs and program operations. Clubs and districts apply for and receive Foundation grants to carry out many worthy projects worldwide. The Every Rotarian, Every Year initiative, designed to encourage worldwide annual per capita giving of \$100 or more, supports vital Foundation programs.

EDUCATIONAL PROGRAMS

These programs promote international understanding by bringing together people from different countries and cultures. .

AMBASSADORIAL SCHOLARSHIPS, an international program for university-level studies, sends about 800 students each year to serve as ambassadors of goodwill while abroad.

ROTARY WORLD PEACE FELLOWSHIPS are awarded to individuals for study in master's degree programs at the Rotary Centers for International Studies in peace and conflict resolution.

ROTARY PEACE AND CONFLICT STUDIES FELLOWSHIPS are awarded to individuals for study in a short-term certificate program at the Rotary Center for Peace and Conflict Studies in Thailand.

GROUP STUDY EXCHANGE is a short-term cultural and vocational exchange program between districts in different countries for non-Rotarian professionals ages 25-40.

Rotary Grants for University Teachers are awarded to higher-education faculty to teach abroad in an academic field of practical use to people in a low-income country.

HUMANITARIAN GRANTS PROGRAM

Humanitarian grants enable Rotarians to increase their support of international service projects that provide water wells, medical care, literacy classes, and other essentials to people in need. Rotarian participation is key to the success of these projects.

MATCHING GRANTS assist Rotary clubs and districts in carrying out humanitarian projects with clubs in other countries.

DISTRICT SIMPLIFIED GRANTS enable districts to support service activities or humanitarian endeavors that benefit local or international communities.

VOLUNTEER SERVICE GRANTS support the travel of qualified Rotarians and their spouses as they plan needed projects or provide essential services in a community.

HEALTH, HUNGER AND HUMANITY (3-H) Grants fund long-term, self-help, and grassroots development projects that use a sustainable, integrative approach to address humanitarian needs.

ROTARY'S GUIDING PRINCIPLES

Throughout Rotary's history, several basic principles have been developed to guide Rotarians in achieving the ideal of service and high ethical standards.

Object of Rotary First formulated in 1910 and adapted through the years as Rotary's mission expanded, the Object of Rotary provides a succinct definition of the organization's purpose as well as the club member's responsibilities.

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST** The development of acquaintance as an opportunity for service;
- SECOND** High ethical standards in business and professions; the recognition of the worthiness of all useful

occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

BOWELSCAN is a Rotary Community Service program, developed in 1982 in District 9640, and now conducted by more than 200 Rotary clubs across eastern Australia. These clubs issue approximately 80,000 kits during their annual colorectal screening programs.

Since Bowelscan commenced more than 600 people with bowel cancer and 1,800 with polyps have been detected.

Bowelscan is essentially a public awareness program, seeking to increase community knowledge of bowel cancer and its symptoms with a view to its earlier diagnosis.

Cancer can happen in any part of the body. If a cancer is visible, like on the skin, one would get suspicious and get something done early – often resulting in a cure.

Cancer in the large bowel (also called the colon) is hidden, so is often discovered late, resulting in disastrous consequences. Bowel cancer is the most common internal cancer in both males and females and the risks rise sharply from the age of 40.

The project also involves the distribution to the public of a simple test kit on which is collected small specimens of faeces for laboratory analysis to detect evidence of minute traces of internal bleeding.

In 1990 a national committee was established to develop and maintain procedures and protocols. This committee is now comprised of representatives from Districts 9550, 9630, 9640, 9650, 9670, 9680, 9750, 9780 and 9820 - all of whom conduct Bowelscan programs.

The programs are organised on a district basis with the district governor appointing a committee to be responsible for its implementation. The program runs in May each year.

Annual screening reduces the mortality rate by 33%. The Rotary BowelScan program will be continuing until the Australian Government program covers all people at risk.

District 9820 Bowel Scan Medical Advisor, Dr. Andrew Lin and District 9820 Bowel Scan Coordinator, John Campbell (of the Rotary Club of Cranbourne) strongly recommend all people over 40 to participate in this important program.

He said, "I want you to trace someone for me."

A Bikers Wish

A man was riding his BMW along a California beach when suddenly the sky clouded above his head and, in a booming voice, the Lord said,

"Because you have tried to be faithful to me in all ways, I will grant you one wish.

The biker pulled over and said, "Build a bridge to Hawaii so I can ride-over anytime I want.

"The Lord said, "Your request is materialistic, think of the enormous challenges for that kind of undertaking; the supports required reaching the bottom of the Pacific and the concrete and steel it would take! It will nearly exhaust several natural resources. I can do it, but it is hard for me to justify your desire for worldly things. Take a little more time and think of something that could possibly help mankind."

The biker thought about it for a long time.

Finally, he said, "Lord, I wish that I and all men could understand women; I want to know how she feels inside, what she's thinking when she gives me the silent treatment, why she cries, what she means when she says nothing's wrong, and how I can make a Woman truly happy."

The Lord replied, "You want two lanes or four on that bridge?"

FROM THE EDITOR

The Bulletin belongs to all Inverloch Rotarians and should be used by ALL the Members and ESPECIALLY the Board Members to communicate, inform, and remind Rotarians.

I am also always struggling to keep up a supply of clean jokes of various sizes to fill any blank space that I cannot fill with the good articles.

I hate typing so preference will be given to articles via email, CD, Memory stick, or floppy disk (I still have one on my current computer). If articles need to be typed please have them to me by Sunday, and only urgent items will be accepted as late as Tuesday.

Articles can be left in the mail box of Unit 9 – 5 Freda St. or emailed to beng@bigpond.com.au.

I also enjoy finding information on the net and from my browsing have found that Rotary information is very abundant on the net. I will research and incorporate any topic that members would like to read in the Bulletin.
