YOU KNOW YOU ARE LIVING IN 2008 when...

- 1. You accidentally enter your PIN on the microwave.**
- 2. You haven't played solitaire with real cards in years.**
- 3. You have a list of 15 phone numbers to reach your family of three.**
- 4. You e-mail the person who works at the desk next to you.**
- 5. Your reason for not staying in touch with friends and family is that they don't have e-mail addresses.**
- 6. You pull up in your own driveway and use your cell phone to see if anyone is home to help you carry in the groceries.**
- 7. Every commercial on television has a web site at the bottom of the screen**
- 8. Leaving the house without your cell phone, which you didn't even have the first 20 or 30 (or 60) years of your life, is now a cause for panic and you turn around to go and get it.**
- 10. You get up in the morning and go on line before getting your coffee.**
- 11. You start tilting your head sideways to smile. :)**
- 12. You're reading this and nodding and laughing.**
- 13. Even worse, you know exactly to whom you are going to forward this message.**
- 14. You are too busy to notice there was no #9 on this list.**
- 15. You actually scrolled back up to check that there wasn't a #9 on this list.**

NOW YOU ARE LAUGHING at yourself.

Go on, forward this to your friends. You know you want to!
