October 15 th	Club Mtg - Rypen - Wonthaggi Secondary Students	Rotarians & Friends

District & International Rotary News

October 2014 - Rotary President, Gary C.K. Huang's MESSAGE

In October 1914, Jonas Salk was born - a man who would change world history by inventing the first effective vaccine against polio. When the vaccine was introduced in the United States in the 1950s, polls indicated that polio was one of the nation's two greatest fears, second only to the fear of atomic war. And with good reason: In the 1952 U.S. polio epidemic, 58,000 cases were reported, with 3,145 deaths and 21,269 instances of permanent, disabling paralysis. Globally, polio paralyzed or killed up to half a million people every year.

Soon after the Salk vaccine was created, Albert Sabin developed an oral version, allowing tremendous numbers of children to be immunized quickly, safely, and inexpensively. In 1985, Rotary's PolioPlus program was born, with a simple goal: to immunize every child under age five against this crippling disease. Thanks in large part to the initial success of PolioPlus, in 1988 the 166 member states of the World Health Assembly unanimously set the goal of global polio eradication. At the time, the idea was breathtakingly ambitious, and many called it impossible. Today, we are closer to this goal than ever before, with only a few hundred cases of polio reported per year, and just three remaining endemic countries. We are on track to achieve full eradication by 2018 - if we can keep up the momentum that has brought us this far.

And this month, we will mark World Polio Day on 24 October, and celebrate the 100th anniversary of Dr. Salk's birth. I ask you all to Light Up Rotary this month by doing whatever you can to shine a spotlight on our efforts to eradicate polio. Call your government officials and let them know that polio eradication matters to you. Go to endpolionow.org for inspiring stories about Rotary's work, and share them on social media. And make the best investment you'll ever make, by donating to polio eradication right on the endpolionow.org website and earning a two-to-one match on your contribution from the Bill & Melinda Gates Foundation. When we eradicate polio - and we will - we'll have brought the world into a better future, and Rotary into a better future as well. We will have proved ourselves, as an organization, capable of great things. And we will have given our children and grandchildren a gift that will endure forever: a polio-free world

**** October is Vocational Service Month ****

From the Club President, Ian Turnbull

Here is the list of things which are up for announcement and discussion:

1. We are cleaning the marquee tomorrow (Wednesday) at the Shed at 5pm, inside the Shed if the weather is bad. If you can make it, please bring cleaning spray, brushes, rags, gloves. Many hands make light work.
2. Bass Coast Children's Book Expo: On Thursday at the Coal Mine at 2pm, there will be a press release and photo taken of us presenting a large display cheque for \$800 to Jane Kennon, the organiser of the book presentations, and about 6 children. Anyone who wants to come and swell the Rotary presence is welcome.

The Book Expo is on Saturday 25th October, from 10am to 1 pm at the Coal Mine. Shirley, the Expo organiser, has asked if we can bring the stage and marquee for the day. (Hence No 1 above.)

3. Wine tasting and dinner Friday 10th. Could we have numbers at the meeting? We need to know by this Friday to give the hotel the number to expect on the night.

4. The Screw Creek Walking Track has been changed from our original request. David Sutton has given us a new proposal at a different site for the approaches to another bridge. I'll have a map to show, hope we get costings by the meeting.
5. Is Wednesday 3rd December ok for our Annual Meeting?
6. We have a Pizza Oven for the October – Cup week raffle, and a Hobie package for the December –January raffle to put to the Board.
7. Market BBQ's?
8. Anyone want to volunteer for the YAMS collection at Phillip Island on Friday 17th or Saturday 18th at the Motor Bikes MotoGP?
9. Anyone interested in making up a table at the Lions Cup Eve Social at the Hub, November 3rd?
10. The Leukaemia Foundation is holding a "Light the Night" Lantern Walk this Friday, starting at 6pm at Guide Park, Graham Street, Wonthaggi. I will circulate the information sheet at the meeting.

On A Lighter Note:

PONDER UPON THESE:

I used to eat a lot of natural foods until I learned that most people die of natural causes.
Gardening Rule: When weeding, the best way to make sure you are removing a weed and not a valuable plant is to pull on it. If it comes out of the ground easily, it is a valuable plant.
The easiest way to find something lost around the house is to buy a replacement.
Never take life seriously. Nobody gets out alive anyway.
There are two kinds of pedestrians: the quick and the dead.
Health is merely the slowest possible rate at which one can die.
